Show & Ground Rules

- 1) The Board of Directors establishes the rules for all Rockie Mountain Saddle Club (RMSC) events. Rules established by the Board take precedence over any and all other rules.
- 2) In the absence of a specific RMSC rule, the most current 4-H Rule Book shall be used. In the event that an issue arises which is not covered by either of these, the issue shall be ruled on by a quorum of the RMSC Board of Directors.
- 3) In consideration for being allowed to enter upon said premises, or to participate in club activities, I/we agree to release, hold harmless and indemnify the RMSC and Folley's Arena in its entirety, including but not limited to its owners, board of directors, officers, managers, agents and employees for any loss or damage including any that results from claims for personal injury, death or property damage related to the use of or occurring on said premises for any purpose whatsoever, or from participation in club activities.
- 4) All contestants must complete an entry form and sign a RMSC release waiver prior to participation in RMSC events/shows.
- 5) Entries are open to the public. RMSC membership is not required to compete in individual classes; however, membership is required and must be paid in advance of participation for contestants to be eligible for year end awards.
- 6) Entry fees are \$5.00 per class for Members and \$7 per class for Non-Members. An office fee of \$5.00 will be charged per exhibitor per show. Entry fees are due the day of the show. Exhibition runs will be charged \$7.00/class.
- 7) Entries for each class will be accepted up until the first contestant enters the arena, with the exception of barrel entries, which will close at 3:45 pm.
- 8) Age Divisions/Combined Classes - A contestant's age on January 1st of the current year determines the age division in which the contestant will compete.
 - a. Lead Line (any age)
 - b. 6 and Under (may be lead line for English and Western only)
 - c. 7 – 10 years of age
 - d. 11 – 13 years of age
 - e. 14 – 18 years of age
 - f. 19 and Over
- 9) Riders will be allowed to “ride up” to the next age division upon request.
 - a. When a contestant requests to ride up, they must specify at that time, in which age division they wish to compete for year-end awards.
 - b. Awards will only be given in one age division, and points will not be transferred from one division to the next.
 - c. Riders must compete in a minimum of 3 shows (in each discipline they wish to compete), in the age group they wish to compete, in order to qualify for year-end awards in that division.
- 10) Contestants of any age may compete in the *Lead Line Equitation* class. Handlers must have control of the horse on the lead line at all times. Exhibitors will show at the walk and trot only. No division/daily, or year end points will be given for this class; however, 1st – 6th place ribbons will be presented.

 - d. Leaders must check on their rider continually – safety first!
 - e. Competitors may only ride Lead Line or their appropriate age division at each show – not both.
 - f. Lead Line points are not transferable - if competitors choose to ride both Lead Line and their appropriate age division at different shows throughout the season, points will stay in the division where they were acquired.
 - g. Riders must choose either Lead Line or their age division for year end awards if they choose to ride both divisions at different shows throughout the season. Awards will not be given for both.

- may dismiss a rider from a class at any time, for any reason. If a rider is excused from the class, no points will be awarded for that class.
- 20) No exhibitor or spectator shall approach a judge. Questions must be submitted to a Board Member before the class/event is over or no action will be taken. The Board Member will then direct the question to the judge and relay the judge's response to the exhibitor.
 - 21) Disputes/Protests/Grievances: If a rider and/or observer wish to contest/challenge a result, that person must present \$100 cash to a RMSC Board Member before the rider in question leaves the arena. If either of these conditions is not met, the challenge will not be heard and results will remain as stands. If both conditions are met and the Board of Directors determines that the person fronting the protest is correct, fees will be returned and the item(s) of contention will be corrected. When the show management calls for Western Riding, Western Equitation will usually be judged on the rail. When show management calls for Western Pleasure, Western Equitation will usually be a pattern class.
- 6 and Under Equitation will always be shown on the rail and will not be asked to lope/canter.
- The 6 and Under Pattern Class pattern will be a simplified pattern. Contestants may be asked to lope/canter.
- The trail gate is optional for the 6 and Under age division. Bonus points may be awarded, at the judge's discretion, if contestants attempt/perform the gate obstacle.

Class Descriptions

1) Showmanship (English and Western)

- a. Showmanship is judged on the handler's ability to show the horse at halter, the appearance/grooming of the horse, and the overall appearance of the handler.
- b. Type, conformation, and quality of the animal are not to be considered.
- c. Tack should be appropriate for the style and breed shown.
- d. Showmanship is judged from the time contestants enter the arena until the judge hands in his/her placing.
- e. Exhibitor should show in the manner and custom appropriate for the breed shown (for most exhibitors, this means using the "Quarter System").

2) Equitation (English and Western)

- a. Equitation classes are judged primarily on the rider. Riders will be judged on seat, hands, legs, ability to make their horse perform, and suitability of horse to rider.
- b. All movements of the horse should be governed by the use of imperceptible aids.
- c. Contestants may be asked to walk, trot, and canter both ways of the ring. Judges may also ask riders to back their horses.
- d. The class may be judged on the rail, with individual pattern, or in combination.

3) Show Hack (English)

- a. English Show Hack is an advanced rail class that shows collected and extended gaits.
- b. Judging emphasizes the rider and obedience of the horse; however, all gaits, transitions, and the ability of the rider to achieve balance and control will be considered.
- c. Required gaits are: normal walk, collected walk, extended walk, normal trot, collected trot, extended trot, normal canter, collected canter, and extended canter. Reinback may be called for on the rail or in the line up.
- d. At the discretion of the judge, the class may be split to execute the extended canter.

4) Controlled Riding (English)

- a. Performance in this class is designed to reflect a combination of controls and skills required for good English equitation and performance.
- b. Riders will individually perform and be judged upon the skills shown while executing the required pattern.
- c. Judging emphasis will be placed on the following: basic position in the saddle, lightness of hands, correct and imperceptible use of aids, response of the horse as indicative of horsemanship ability of the rider, the smoothness of performance, and steadiness of gaits.
- d. Preference will be given to proper changes of leads between the markers – simple changes of lead are required.

5) Western Riding

- a. Western Riding is an individual pattern class.
- b. Proper execution of this class requires a combination of controls and skills used in equitation, reining, and trail classes.
- c. Judging emphasis will be placed upon the following: basic position in the saddle; lightness of hands; correct and imperceptible use of aids; response of the horse as indicative of the horsemanship ability of the rider; the smoothness of performance and steadiness of gaits.
- d. Properly executed flying changes will score higher than simple changes. It is the judge's opinion as to when a proper simple change begins to outscore a poorly executed flying change.

6) Western Pleasure

- a. A Western Pleasure animal is a sensible, alert, bright, easy-moving, well mannered mount that can provide a quiet, comfortable, and pleasant ride at the walk, jog, and lope. Animals must also back easily and stand quietly. Extended gaits may be required at the judge's discretion.
- b. Entries are penalized for being on the wrong lead, excessive speed or slowness, breaking gait, and incorrect head position.
- c. Horses should be shown on a reasonably loose rein or with light contact without undue restraint.
- d. Contestants shall not be required to dismount unless the judge wishes to check the equipment.
- e. Exhibitors may not touch the horse or the saddle with the free hand.

7) Reining

- a. Reining classes will be judged on the contestant's ability to individually perform the required pattern in a light, fluent manner, indicating a composed, harmonious attitude between horse and rider.
- b. Credit will be given for smoothness, finesse, attitude, quickness and authority in performing the various maneuvers while using controlled speed.
- c. Properly executed flying changes will be given more consideration than simple changes.

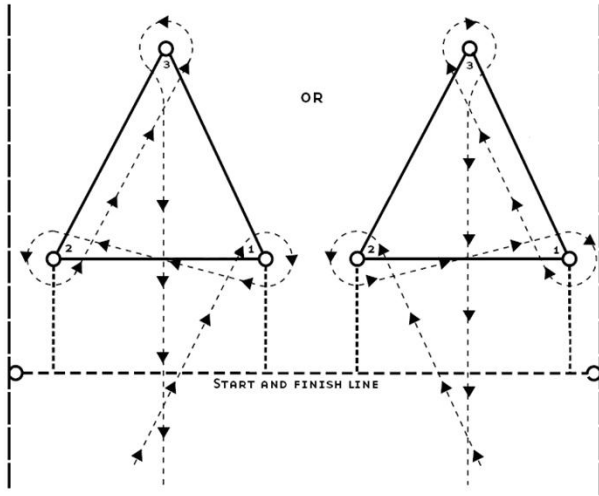

8) Trail (Can be Shown in English or Western Attire)

- a. The trail class is a test of the rider's ability to maneuver a horse through obstacles that might be encountered on a trail ride.
- b. Optional obstacles may include but are not limited to: maneuvering through a gate, crossing a bridge, backing, opening and closing a mailbox, passing over ground poles at any gate, side passing, navigating through a water hazard.
- c. Horses should be well-mannered, quiet, and a pleasure to ride. The actions of the horse will reflect the rider's skill.
- d. Trail is not a speed event but rather a test of control and obedience. Horses, however, should move briskly between obstacles at the determined gait to reflect ground covering ability.
- e. Horses will typically be shown at all three gates, however, gait requirements may be adjusted to fit arena or trail course conditions.
- f. Consideration will be given to the rider's hands, seat, legs, and weight in cuing the horse to position for the obstacle. A quiet, confident attitude that allows the horse to carefully scrutinize each obstacle and then pass through or over it in an assured manner with coordinated effort between horse and rider is important.
- g. Show points accumulated in Trail will only count toward Western Highpoint and year end awards.

9) Barrel Race

- a. The Barrel Race is a timed event that tests the ability of the rider to safely maneuver their mount around a prescribed course at speed.
- b. Three barrels will be placed in a triangle formation. The rider will cross the start line, ride to barrel #1, circle it to the right, ride to barrel #2, circle it to the left, ride to barrel #3, circle it to the left and ride across the finish line (passing between barrels #1 and #2).
- c. Riders may choose to begin their run with barrel #2, and then continue on to barrels #1 and #3 before crossing the finish line as described above.
- d. A five (5) second penalty will be assessed for each barrel knocked over.
- e. Contestants are allowed to touch barrels with hands.
- f. RMSC will alternate between a long barrel pattern (90ft between barrels #1 and #2 and 105 ft from barrel # 1 or #2 to barrel #3) and short barrel pattern (75ft between barrels #1, #2, and #3).

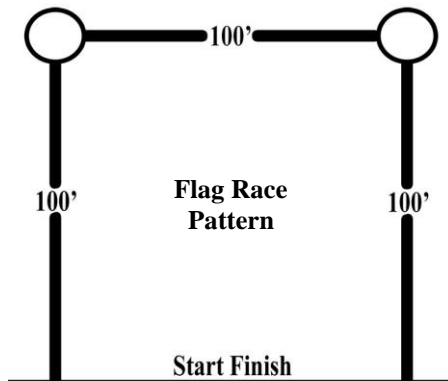

- g. 6 and Under and Lead Line barrels are 50ft between barrels #1, #2, and #3. Barrels #1 and #2 are 45ft from the start/finish line.

Barrel Race Pattern

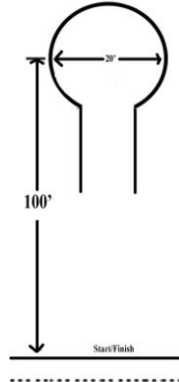

10) Flag Race

- The Flag Race is a timed event that tests the ability of the rider to safely maneuver their mount around a prescribed course at speed, as well as the coordination of the riders on a set course.
- Two barrels will be placed 100 feet apart (50ft for 6 and Under and Lead Line), if arena permits, and 100 feet from the start-finish line (45ft for 6 and Under and Lead Line).
- A five gallon bucket filled with appropriate material is to be placed on top of each barrel.
- The rider starts with one flag in hand and deposits it in a container (A or B), proceeds to the opposite container (or A), removes the flag from container (B or A) and proceeds to the finish line.
- Riders can not circle the barrel. Circling the barrel will result in disqualification.

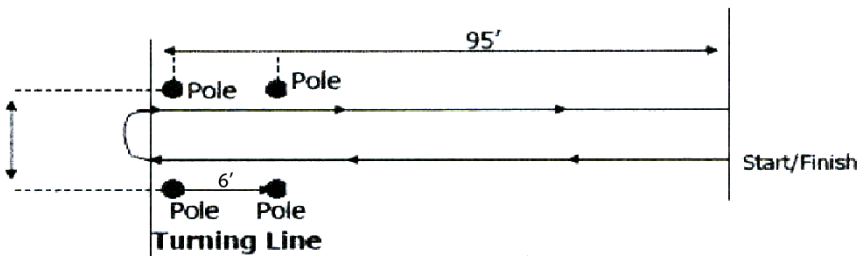

11) Keyhole Race (Pole Keyhole or Chalked Keyhole)

- a. The Keyhole Race is a timed event that tests the rider's ability to safely maneuver their mount around a prescribed course at speed.
- b. The Chalked Keyhole race is run in a chalked pattern consisting of approximately a $\frac{3}{4}$ circle with an opening facing the start-finish line. The center of the circle should be 100 feet from the start-finish line, the diameter of the circle 20 feet, and the neck or opening 6 feet wide. Riders cross the start-line, ride through the neck of the circle (all four of the horse's feet must be inside the circle), turns the horse 180 degrees, and rides back out of the neck or keyhole to cross the finish line. Stepping on or over the white line results in disqualification.
- c. Regulation distance in the Pole Keyhole pattern is 95 ft, measured from the start/finish line. Poles are measured 6 ft wide and 6 ft in depth. The contestant must ride through the poles; the horse's hind quarters must pass the two end poles before the contestant reverses course and races back through the poles to cross the finish line. Contestants will be disqualified for knocking over any pole, and/or breaking the pattern.

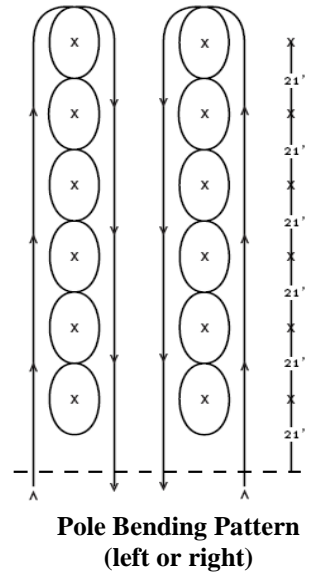

Chalked Keyhole Race Pattern

Pole Keyhole Race Pattern

12) Pole Bending

- a. Pole Bending is a timed event that tests the rider's ability to safely maneuver their mount around a prescribed course at speed.
- b. Six poles should be spaced 21 feet apart with the first pole set 21 feet from the start-finish line (6 and Under & Lead Line will only maneuver around 3 poles placed 21 feet apart).
- c. The rider crosses start-line, rides to either side of pole #6, weaves (bends) around the opposite side of each pole to pole #1, turns around pole #1 and weaves (bends) around the opposite side of each pole to pole #6, turns around pole #6 and rides across the finish-line.
- d. A five (5) second penalty will be assessed for each pole knocked over.
